

The new preschool classes on offer at primary schools in Hamburg

- Learning while you play
- Discovering new things
- Making friends

Freie und Hansestadt Hamburg
Behörde für Bildung und Sport

New preschool classes are being offered at Hamburg's primary schools.

Children can now be cared for even better at a primary school near you in the year prior to starting school:

- Five hours of lessons from 8.00 to 13.00 hrs during school weeks
- Guaranteed care times
- Teaching and instruction by social education staff trained specifically for preschool education
- Guaranteed place if your registration is made within the prescribed period
- Preschool classes start in August

Costs: EUR 15.00 to 192.00 per month, depending on income – with only nine monthly contributions!

Registration starts today!

Special encouragement

With their degrees and practical traineeships, our social education staff have been trained specifically for work in pre-school classes. They work according to guidelines that comply with the preschool educational standard for all of Hamburg's children.

The preschool teaching staff support every individual child in such a way that the child can develop all of his or her powers and talents in the best possible way. They promote their strengths and help if there are any delays in the child's development. This means that later on, the child will have a good start at primary school.

The day

The preschool day is characterised by different phases. The activities accommodate the children's investigative urge and natural thirst for knowledge and their demand for dreaming, cosy, musical and playing phases in equal measure.

Developing talents and senses

While playing, children in the preschool class have new experiences opened up to them in the fields of language, creativity, movement, social behaviour, mathematics and environmental awareness.

The new preschool offering is also available near where you live. Information will be provided gladly by the head teachers of all the primary schools and by the

SchulInformationsZentrum (SIZ)
Hamburger Str. 31, 22083 Hamburg
