This Annex refers to the implementation of selected provisions of the KFNFA.

The activities described in this Annex reflect the agreement of the Parties as to the activities which the Parties expect to be performed in order to give effect to the referenced provisions.

The planning assumptions described in relation to a referenced provision reflect the circumstances considered or expected to arise in the implementation of that provision. Some planning assumptions also reflect steps or measures that the Parties assume will be taken, or limitations that may apply, in the performance of the described activities.

In the development of this Annex, it has been assumed that the Parties will deal by other means with matters required by the KFNFA to be addressed prior to the Effective Date or in the negotiation or ratification of the KFNFA.

- (d) the right of a Kluane Person to harvest moose or caribou or sheep for which a Total Allowable Harvest or Harvests or an allowable harvest or harvests has been established is contingent upon that person being permitted to harvest all or part of that Total Allowable Harvest or Harvests or that allowable harvest or harvests by Kluane First Nation.

16.9.1.13 If one or more than one Total Allowable Harvest is established for moose or caribou in the Traditional Territory of Kluane First Nation outside of the Asi Keyi Natural Environment Park, the Kluane Wildlife Sanctuary and the Tachal Region of the Kluane National Park for which one or more notifications of an Intended Harvest has been given under 16.9.1.12, the allocation of moose and

caribou to Kluane First Nation in respect of the Total Allowable Harvest or Harvests outside of the Asi Keyi Natural Environment Park, the Kluane Wildlife Sanctuary and the Tachal Region of the Kluane National Park shall be determined as follows:

- (a) the Intended Harvest or Harvests of moose or caribou for which notification has been given under 16.9.1.12 shall be added to the Total Allowable Harvest or Harvests established outside of the Asi Keyi Natural Environment Park, the Kluane Wildlife Sanctuary and the Tachal Region of the Kluane National Park for that species;
- (b) the number determined under 16.9.1.13(a) shall be used to calculate a preliminary allocation in respect of the Total Allowable Harvest or Harvests outside of the Asi Keyi Natural Environment Park, the Kluane Wildlife Sanctuary or the Tachal Region of the Kluane National Park in accordance with 16.9.1.3 for moose or 16.9.1.8 for caribou;
- (c) the Intended Harvest or Harvests for moose and or caribou for which notification has been given under 16.9.1.12 shall be subtracted from the number determined under 16.9.1.13(b) for that species; and
- (d) the number determined under 16.9.1.13(c) shall be the allocation to Kluane First Nation in respect of the Total Allowable Harvest or Harvests outside the Asi Keyi Natural Environment Park, the Kluane Wildlife Sanctuary and the Tachal Region of the Kluane National Park for that species.

16.9.1.14 Unless otherwise agreed by Government and Kluane First Nation, when there is in effect more than one Total Allowable Harvest for moose or caribou or sheep in the Traditional Territory of Kluane First Nation outside of the Asi Keyi Natural Park, the Kluane Wildlife Sanctuary and the Tachal Region of the Kluane National Park the allocation to Kluane First Nation of moose or caribou pursuant to 16.9.1.3(a), 16.9.1.8 and 16.9.1.13(d) or of sheep pursuant to 16.9.1.9 shall be apportioned among all the Total Allowable Harvests established for that species outside of the Asi Keyi Natural Environment Park, the Kluane Wildlife Sanctuary and the Tachal Region of the Kluane National Park in the same ratio as each Total Allowable Harvest for moose or caribou or sheep outside of the Asi Keyi Natural Park, the Kluane Wildlife Sanctuary and the Tachal Region of the Kluane National Park bears to the sum of all Total Allowable Harvests for that species outside of the Asi Keyi Natural Environment Park, the Kluane Wildlife Sanctuary and the Tachal Region of the Kluane National Park.

When the number of moose, caribou or sheep declines to a level where hunting restrictions are required, a Total Allowable Harvest (TAH) is put in place. Under the TAH, the number of moose, caribou or sheep available to Kluane First Nation (KFN) harvesters and to Other Harvesters is determined in one of two ways. The first method is to determine the number of moose, caribou or sheep required to meet the Subsistence needs of Kluane people. The second is to use a formula which allocates moose, caribou or sheep based on the number of animals which can safely be harvested and still ensure a sustainable herd in the future. The method which determines the smaller number of moose, caribou or sheep is then used to allocate moose, caribou or sheep to harvesters in the Traditional Territory of KFN. If the Yukon government intends to use the Subsistence needs method, it must first Consult with KFN.

If it is necessary to restrict hunting in two or more separate areas within the Traditional Territory of KFN, two or more TAHs are put in place and the total number of moose, caribou or sheep available for harvest in all the TAH areas is calculated to determine the allocation. The Yukon government must Consult with KFN on how to split the harvest between the TAH areas.

If the Yukon government establishes one or more TAH which totals 100 or more moose (but not caribou), Yukon and KFN will make best efforts to negotiate a Basic Needs Level for moose for KFN. Until such time as a Basic Needs Level is agreed upon, moose will be allocated according to the formula/Subsistence needs approach outlined above.

Where there is more than one TAH, and one of the TAHs falls within Asi Keyi Natural Environment Park (AKNEP) or the Kluane Wildlife Sanctuary (KWS), there is an offset between the harvest in these areas and the other TAH areas. The number of moose, caribou or sheep which KFN harvesters intend to harvest under the TAH in either AKNEP or the KWS, in part, offsets the number of the same species which are allocated to KFN harvesters in the TAH areas elsewhere in the Traditional Territory of KFN.

CROSS REFERENCED CLAUSES: 16.7.17.11, 16.7.17.12(f); Chapter 16 Schedule A

Responsibility	Activities	Timing
YFNs, or Canada	Identify need to vary allocation among affected YFNs; notify other parties and SSC.	As necessary, or upon receipt of recommendation of SSC
Affected YFNs and Canada	Attempt to reach agreement on a variation to the allocation.	As soon as practicable
Affected YFNs and Canada	If agreement is reached, confirm agreement in writing and implement new allocation.	As necessary

PROJECT: Priority of YFNs' basic needs allocation

RESPONSIBLE PARTY: Canada

PARTICIPANT / LIAISON: SSC, YFNs

OBLIGATIONS ADDRESSED:

16.10.8 Unless the affected Yukon First Nations otherwise agree, the basic needs allocation for a drainage basin shall have priority over all other fisheries in the allocation of the Total Allowable Catch. A basic needs allocation shall not be construed as a guarantee by Government that the allocation will actually be harvested by the Yukon First Nation.

CROSS REFERENCED CLAUSES: None identified

Responsibility	Activities	Timing
Canada	Ensure the basic needs allocation for any drainage basin shall have priority over all other fisheries.	After the effective date of Settlement Legislation
Canada	Seek agreement of affected YFNs to alter allocation.	As required
Affected YFNs	Review proposal and notify Canada of decision.	Upon receipt of proposal
Canada	Alter allocation.	If all affected YFNs agree

Planning Assumptions

1. Canada shall work with the SSC and YFNs to determine how the priority of the YFNs' total basic needs allocation for the drainage basin is to be given effect.
2. The Department of Fisheries and Oceans will assume the lead role for Canada.

PROJECT: Distribution of Total Allowable Catch when Total Allowable Catch falls below YFNs' basic needs allocation for the Yukon River Drainage Basin

RESPONSIBLE PARTY: Canada

PARTICIPANT / LIAISON: SSC and affected YFNs

OBLIGATIONS ADDRESSED:

16.10.9 Where the Total Allowable Catch is less than what is required to satisfy the basic needs allocations of Yukon First Nations within the Yukon River drainage basin, the Total Allowable Catch shall be distributed among the affected Yukon First Nations on a pro rata basis proportional to their share of the total basic needs allocation for that drainage basin.

16.10.13 Where:

16.10.13.1 a Total Allowable Catch is less than the total basic needs allocation in a season for the affected Yukon First Nations, and it is subsequently determined that the spawning escapement targets for Conservation were greater than was actually required for Conservation in that season; or

16.10.13.2 subject to an agreement entered into pursuant to 16.10.8, Government allocates Salmon to other fisheries which results in there being insufficient Salmon available to a Yukon First Nation to harvest its basic needs allocation for a drainage basin,

Government shall, in subsequent years, allocate additional Salmon to the affected Yukon First Nations, in proportion to their share of the total basic needs allocation, from any Salmon which are not required for Conservation for that drainage basin, so that, over a six year period, the Yukon First Nations are allocated, on average, their total basic allocation.

CROSS REFERENCED CLAUSES: 16.10.8

Responsibility	Activities	Timing
Canada	If the Total Allowable Catch is less than what is required to satisfy the basic needs allocation, distribute the available Total Allowable Catch among the affected YFNs on a pro rata basis proportional to their share of the total basic needs allocation.	As required once the drainage basin basic needs allocation is established
Canada	If conditions identified in 16.10.13 occur, make necessary increases to each affected YFN's annual allocation in order that after a period of no more than six years each YFN's average annual basic needs allocation is met.	Over a period of the next 6 years

Planning Assumptions

1. The Department of Fisheries and Oceans ("DFO") will assume the lead role for Canada.
2. Where inaccurate pre-season or in-season Total Allowable Catch determinations result in an

inability to meet the basic needs allocation for the drainage basin and other commercial and sport fisheries have harvested Salmon, Government will subsequently adjust the affected YFN's annual basic needs allocations. The intention would be to provide for that adjustment within the Total Allowable Catch established for the following year if it is reasonable to do so.

3. Where the in-season Total Allowable Catch is less than what is required to satisfy the basic needs allocation of a YFN pursuant to 16.10.9 in any one year for any other reason than those described in 16.10.13, no adjustment of that YFN's basic needs allocation will be made.
4. Government will make best efforts to refer these issues to the SSC for their consideration and input prior to making a determination pursuant to this clause.
5. A temporary reduction or cancellation of commercial or other fisheries may be required in order to allow Government to allocate the necessary additional fish to the YFN's basic needs allocation fishery.
6. Precise determinations of spawning escapement cannot be made with existing DFO management practices; therefore, determinations pursuant to 16.10.13.1 may be difficult to assess. In recognition of this difficulty, and consistent with clause 16.10.8, every effort will be made in the setting and allocation of the annual Total Allowable Catch to meet the requirements of the YFN's basic needs allocations for the drainage basin before allocating Salmon to other users.

PROJECT: Reallocation of a basic needs allocation from a downstream YFN to an upstream YFN

RESPONSIBLE PARTY: SSC

PARTICIPANT / LIAISON: Affected YFNs, Canada

OBLIGATIONS ADDRESSED:

16.10.14 Where a downstream Yukon First Nation harvests Salmon in excess of its basic needs allocation with the result that an upstream Yukon First Nation does not have available to it sufficient Salmon to meet its basic needs allocation, the Sub-Committee may, in subsequent years, reallocate a portion of the basic needs allocation of the downstream Yukon First Nation to the upstream Yukon First Nation to compensate for the over-harvesting of the downstream Yukon First Nation.

CROSS REFERENCED CLAUSES: 16.8.9

Responsibility	Activities	Timing
SSC	In cooperation with affected YFNs, identify situation in which Harvesting in excess of basic needs allocation by a downstream YFN may have resulted in the failure of an upstream YFN to meet its basic needs allocation.	As required after basic needs allocations are established for the drainage basin in question
SSC	In cooperation with affected YFNs, review available information.	As soon as practicable
SSC	Reallocate a portion of the downstream YFN's allocation to the upstream YFN if appropriate.	As required
SSC	Notify affected YFNs and implement decision, subject to 16.8.9.	As required

Planning Assumptions

1. The Department of Fisheries and Oceans ("DFO") will assume the lead role for Canada.
2. Canada will provide the technical information and support available to it in order to assist the SSC in making a determination pursuant to this clause.
3. Management information currently available to the DFO may not, in all cases, be adequate to determine conclusively that the over-harvesting by a downstream YFN resulted in the unavailability of sufficient salmon for an upstream YFN to meet its basic needs allocation.

- 16.10.16 The number of licences to be issued pursuant to 16.10.15 shall be the number equivalent to 26 percent of the Yukon commercial Salmon fishing licences in effect for the Yukon River drainage basin on the day immediately preceding the date of ratification of the Umbrella Final Agreement.
 - 16.10.16.1 Following ratification of the Umbrella Final Agreement, the Yukon First Nations of the Yukon River drainage basin shall notify Government how the licences to be issued pursuant to 16.10.15 are to be allocated between them.
 - 16.10.16.2 Upon receipt of notification pursuant to 16.10.16.1, Government shall issue, without fee, the licences to the affected Yukon First Nations.
- 16.10.17 The licences issued pursuant to 16.10.15 are not transferable except to another Yukon First Nation whose Traditional Territory includes part of the Yukon River drainage basin.

CROSS REFERENCED CLAUSES: 16.7.17.12, 16.7.17.12 (e), 16.10.20

Responsibility	Activities	Timing
Affected YFNs	Determine how licences will be allocated and notify Canada.	As soon as practicable
Canada	Issue licences without fee according to allocation determined by the YFNs.	Upon receipt of notification
Affected YFNs	Inform Canada of any licence transfers agreed to by YFNs.	Upon transfer

Planning Assumptions

1. Pursuant to 16.7.17.12 (e), the SSC may make recommendations to Canada on related new opportunities and proposed management measures for the commercial uses of Salmon.
2. The eight (8) licences to be issued pursuant to 16.10.15 represents 26 percent of the thirty (30) Yukon commercial Salmon fishing licences in effect for the Yukon River drainage basin on May 28, 1993 the day immediately preceding the date of ratification of the Umbrella Final Agreement.
3. The Department of Fisheries and Oceans will assume the lead role for Canada.

The amount of property taxation assistance provided for each of the ten years will be in respect of portions of two calendar years, calculated as follows:

X = the number of days in the calendar year from January 1 up to and including the day prior to the Effective Date or the anniversary of the Effective Date;

Y = the number of days remaining in the calendar year, from the Effective Date or the anniversary of the Effective Date to December 31, inclusive; and,

ANNEX B -- COMMISSIONS, COUNCILS AND COMMITTEES

Application

This Annex applies as provided herein to the:

Regional Land Use Planning Commission

Settlement Land Committee

Dän Keyi Renewable Resources Council

hereinafter called the "Boards".

This Annex will also apply to the Kluane National Park Management Board, also a "Board".

At such time as amendments to the Champagne and Aisihik First Nations (CAFN) Final Agreement, Chapter 10, Schedule A are made (pursuant to KFNA Chapter 10 Schedule C 6.17), this Annex B and Annex B to the CAFN Final Agreement Implementation Plan will be amended to reflect the description of the Board contemplated in Chapter 10 Schedule C 6.0 of the KFNA.

Contents

This Annex has five parts:

Part 1 - General Provisions

Part 2 - Board Training and Cross-Cultural Orientation and Education

Part 3 - Arrangements for the Provision of Aboriginal Language Services to the Boards

Part 4 - Board Mandates and Activities

Part 5 - Board Budgets and Related Arrangements.

These parts, as they apply, are to be read together. Their provisions reflect the agreement of the Parties with respect to the establishment and operation of the Boards, and the related arrangements and activities which the Parties expect to perform in those connections.

Part 1 - General Provisions

Initial Nominations and Appointments: Dän Keyi Renewable Resources Council

Each party has a right to nominate Dän Keyi Renewable Resources Council (the “DKRRC”) members as provided by the KFNFA in paragraph 2.12.2 (all), 16.6.2 (all), 16.6.4 (all) and 16.6.5 (all).

The process of nomination and appointment will require each party to identify, recruit and select nominees in an effective manner. The procedures and criteria to be used in that respect are within the discretion of the nominating party.

To establish the initial complement of DKRRC members, each party should commence its procedures to identify prospective nominees upon ratification of the KFNFA by all Parties. The Minister will request nominations pursuant to KFNFA 2.12.2.2 as soon as practicable after the date of signing by the Parties.

Nominations, including a statement of the initial term for which a particular nomination may be made (KFNFA 16.6.5.1, 16.6.5.2), shall be forwarded to the Minister within the time provided by KFNFA 2.12.2.2. The Minister will appoint the nominees in sufficient time for the DKRRC to be in place as indicated in Part 4 of this Annex.

To facilitate these procedures, each party should confirm that its proposed nominees are ready to serve on the DKRRC prior to submitting its nominations to the Minister. If a nominee declines an appointment, the Minister and the nominating party should take steps as soon as practicable to ensure that a new nominee is identified and appointed.

Initial Nominations and Appointments: Regional Land Use Planning Commission and Settlement Land Committee

The initial nominations and appointments for the Regional Land Use Planning Commission (the “RLUPC”) and Settlement Land Committee (the “SLC”) will be made as provided in Part 4 of this Annex.

On-Going Process for Nominations and Appointments: Dän Keyi Renewable Resources Council and Regional Land Use Planning Commission

1. Replacement of Board Members

Upon termination of the initial appointments, the Parties should follow the procedures outlined in KFNFA 2.12.2.2 to 2.12.2.4 and above, in respect of the initial appointments, to ensure that repeat or replacement nominations are submitted and appointments take effect in a timely manner. The Parties should use best efforts to avoid vacancies arising on the Boards due to failures in the nominating or appointing process.

If a vacancy during term arises on a Board, the Parties should follow the same procedures to ensure that a replacement nominee is appointed at the earliest practicable date for a term consistent with the provisions of KFNFA 2.12.2.11.

2. Removal for Cause

The authority to remove a Board member lies with the appointing Minister. It is acknowledged that the Minister will choose whether to exercise that authority on the basis of any relevant information which the Minister may receive. However, the Minister should act to remove a Board member only after consultation with the nominating party, subject to requirements for confidentiality. A replacement for the member removed should be nominated and appointed as soon as practicable.

Where a Board chooses to specify grounds for the removal of a member pursuant to KFNFA 2.12.2.7, that Board should communicate those grounds in writing to the nominating parties and the Minister as soon as those grounds have been adopted by the Board.

3. Resignation of a Member

A Board may wish to establish rules or procedures concerning the resignation of Board members. It is recommended that Board members who wish to resign during their term be required to communicate their resignation in writing to the Board, and that the Board immediately advise the Minister of the resignation. A replacement for the member who resigned should be nominated and appointed as soon as practicable.

Organization of the Board

The DKRRC and RLUPC, within the first 60 days after being established by appointments, should convene at least one meeting. The initial meeting of the Board should be convened by the members with such organizational assistance from the appointing Minister or Minister's representative as may be required to complete the necessary arrangements.

At its initial meeting or as soon as practicable thereafter, each Board should address:

- (a) the selection or nomination of a Chair and/or Vice-Chair, as the KFNFA may provide in respect of that Board;
- (b) any rules and procedures which it may require pursuant to KFNFA 2.12.2.7 and 2.12.2.10;
- (c) the Board budget and the completion of related financial arrangements;
- (d) any organizational and policy matters, and arrangements with respect to support services and facilities required for the discharge of its mandate under the KFNFA; and
- (e) any arrangements required with respect to the training and cross-cultural orientation and education of Board members.

Board Services and Facilities

It is expected that the DKRRC and RLUPC will arrange for the support services and facilities they require. The Boards may co-operate in these arrangements, as they may find convenient. In determining their arrangements, the Boards should consider the training and economic opportunities which may be made available to Yukon First Nations, and the specific provisions of the KFNFA.

Part 2 - Board Training and Cross-Cultural Orientation and Education

Part 2 applies to the Dän Keyi Renewable Resources Council, Regional Land Use Planning Commission and Settlement Land Committee (the “SLC”).

For the purposes of KFNFA 2.12.2.9, 28.3.5, 28.3.7 and the SLC, Board training should include:

1. training in Board procedures and functions;
2. training directed to improve Board members' ability to carry out their responsibilities in the field or fields within the mandate of the Board;
3. familiarization with the provisions of the KFNFA; and
4. cross-cultural orientation and education.

1. Board procedures and functions

This training should reflect both internal Board needs and needs of the Board in relation to public process. It should enable a Board to develop the internal rules it may require and to develop its approach and organization for decision-making. This latter area may include matters of policy development, planning, prioritization, time management and financial management. The timing of the different aspects of this training may vary from Board to Board.

It is strongly recommended that each Board assess and take steps, including budget provisions, to address its training requirements in these areas as soon as practicable after the Board is established. These requirements should be reassessed and addressed accordingly within 90 days after the termination of the initial appointments, for the benefit of the replacement nominees. The Board's previous training activities should be considered by subsequent members when assessing their training needs and the means by which those needs may be addressed.

Refresher training or specific needs for procedural advice during the term of a Board should be left for each Board to address as it deems necessary.

2. Training related to Board Mandate

Each Board should assess and take the steps necessary, including budget provisions, to address the training needs of its members which will enable them to improve their ability to carry out their responsibilities in the field or fields within the Board's mandate. It is recommended that this occur as soon as practicable in the first year of each Board's term and at least annually thereafter. The specific program or initiatives to be taken in this area should be left to each Board to decide and arrange as it may require.

3. Familiarization with the KFNFA

The Parties have an interest in ensuring that the members of each Board understand the purposes of the Board under the KFNFA. The Parties also have an interest in ensuring that this understanding is achieved through appropriate, balanced procedures.

As provided in KFNFA 28.3.7, the Parties should jointly inform each Board about relevant provisions of the KFNFA and KFNFA Plan. This information program should be carried out in a co-operative, co-ordinated way. It should be completed as soon as is practicable after the Board is established, at a time convenient to the Board and the Parties.

Each party should designate representatives who will participate in this program. The designated participants should include persons who will facilitate the program generally, as well as persons who have actual knowledge of the negotiations and considerations which led to the provisions of the agreements in each area.

4. Cross-Cultural Orientation and Education

On-going cross-cultural awareness and sensitivity is important for the effective working of the Boards.

It is strongly recommended that each Board consider and take the steps necessary, including budget provisions, to ensure that its members have the benefit of cross-cultural orientation and education. This should be considered and addressed as soon as practicable in the term of each Board, and thereafter as may be required.

It is expected that cross-cultural orientation and education will relate to the mandate of each Board and address cultural values, attitudes, strengths and differences in ways that enable the members of each Board, as a cross-cultural group, to work well together to fulfil their mandate.

Part 3 -Aboriginal Language Services

This Part applies to the Dän Keyi Renewable Resources Council, Regional Land Use Planning Commission and Settlement Land Committee.

The Boards should be able to conduct their proceedings in aboriginal languages when appropriate.

Aboriginal language services in Yukon are currently the subject of a multi-year agreement between Canada and Yukon. It is expected that aboriginal language services will be available to the Boards pursuant to such agreements as may be in place from time to time or through contracting with individuals or organizations for the services desired.

It is expected that all best efforts will be made to ensure that the language services the Boards may require will be available to them at the earliest practicable date.

Part 4 - Board Mandates and Activities

The following provisions address the mandate, the expected activities, and the relevant specific arrangements, in respect of each of the Boards.

- "...the identification and selection of Site Specific Settlement Land out of Proposed Site

Specific Settlement..." will primarily be the responsibility of KFN as the entire Proposed Site Specific Parcel will have been agreed to by all Parties. The other members of the SLC will have only to ensure that the selected area is within the Proposed Site Specific Parcel and that it is adequately defined for survey purposes;

- it is not intended that the SLC act as a substitute for "land use planners". The SLC will only be responsible for making recommendations concerning requests to "occupy" the land but will not be required to approve specific uses in the event that the land is developed; and
- any other activities contained in the KFNFA.

Organizational Structure

The SLC shall be established no later than one month after the signing of the KFNFA. The representatives to the SLC shall be appointed as follows:

Canada Representative

The Department of Indian Affairs and Northern Development will appoint one person to represent the Department when the Settlement Land being dealt with was formerly under federal administration.

The representative will be experienced in land issues, including survey requirements, and will have the authority to speak on behalf of the Department.

The position will be filled by the same person for the life of the SLC where possible.

Yukon Representative

Yukon will appoint one person to represent Yukon when the Settlement Land being dealt with was formerly under Yukon administration.

The representative will be experienced in land issues, including survey requirements, and will have the authority to speak on behalf of the Yukon.

NRCan will employ, to the extent possible, local personnel to record and document all decisions made at SLC meetings.

All decisions will be made by consensus, and, in the event that a decision cannot be reached, the problem will be referred to the Dispute Resolution process as described in section 26.3.0 of the KFNFA. The Chair will decide at what point there is an impasse on any particular decision.

Meetings

Meetings will be called by the Chair, and will normally occur two to three times each year. Normally, there will be one meeting in the winter, to establish and review priorities, and one in the spring to review and approve survey reports and plans. Other meetings may occur as needed. Meetings will be held in Burwash Landing unless reasons arise that make it more reasonable to meet elsewhere. Regardless, all members of the SLC will be consulted regarding the proposed location of the meeting. Funding has been provided by Canada to KFN to enable its nominees to participate in the SLC proceedings. Meeting facilities will be provided by KFN when the meetings are held in Burwash Landing.

- To make every effort to reduce the number of decisions which are forwarded to the Dispute Resolution Board; and
- In collaboration with the SLC members, to alter guidelines and procedures to reflect the needs of the KFN.

Subject to any amendment of the Plan by the Parties, Canada shall pay to KFN **\$40,276 (2002 constant dollars)** as its share of the amount identified for SLCs.
