From our social media: Latin-American and Caribbean Fall Festival

Dear Readers,

It is with great enthusiasm that we assume our functions, joining efforts to strengthen relations between the European Union, Latin America and the Caribbean at this crucial stage. At the beginning of our mandate, we are focused on defining the strategic priorities that will guide our work in the next four years, through the design of the Multi Annual Plan 2025-2028. We want this process to be enriched by a permanent dialogue with the organisation's strategic partners, with whom we continue to maintain fruitful spaces for consultation and feedback.

We are committed to continue working in partnership with all stakeholders to ensure that the organisation remains an effective bridge between our regions. Multilateral cooperation, bi-regional dialogue and the promotion of shared values will continue to be pillars of our management, driving initiatives that address the global challenges we face.
